From

Principal, Central College, Bangalore

To
H.J Bhabha Esquire, M.A., M.C.E.,
Inspector General of Education in Mysore

Sir,

With reference to the application of some Hindu girls who have passed the Lower Secondary Examination that they might be admitted to the Fourth Form of the Central College High School, I wrote to Miss Susan Rajagopal in forming her and suggesting that she should request the Government through you to open a Fourth Form class in the School under her, as it was impossible for me to admit them here

She replies today to the effect that you had informed her that sanction would only be given for raising the standard of the Girls' School after five years' repeated success of girls in English and informing her that I may admit them into the Fourth Form of the Central College as I admit Eurasian girls. I write to point out that Eurasian girls have never been admitted by me to the Fourth Form or any class of the Central College High School, as it would be competing unfairly with Bishop Cotton's, St Andrew's, the Baldwin's and other Girls' Schools specially intended for European and Eurasian girls - competing unfairly because our fees are small in comparison with theirs.

In my opinion the time has come for raising the standard of the Government Girls' School and I shall be surprised if the Government object to your proposal for the same. In any case it is of course impossible that these girls can be admitted here and a copy of this letter will be submitted by me for the information of Government.

I have the honor to be,

Sir,

Your most obedient servant,

Principal.
